S.N.3

Letter No. 2815/1-26, dated the 10th August, 1928, from the Inspector of Schools, Coorg and Bangalore.

---- ----

In Statement I forwarded with P.U.C. the Inspector of Schools has not given the recurring and non-recurring expenditure separately as required by the Government of India. In para 4 of their letter No. 1666-Edu., dated the 14th July 1928, the Government of India in the Department of Education, Health and Lands would like to know whether the appointment of a committee, including prominent women, to go into the whole question of female education in the centrally administered territories is desirable or feasible. The Inspector has not expressed his opinion in the matter. Draft submitted for approval.

1/A

No.1866-Edn.

Government of India,

Department of Education, Health and Lands,

Simla, the 14th July 1928.

From

G.S.Bajpai, Esquire, C.I.E., C.B.E.,

Secretary to the Government of India,

To

The Chief Commissioners,

N.W.F.P., Ajmer-Merwara, Baluchistan and Delhi.

Resolution in the Legislative Assembly for the furtherance of girls' education.

Sir,

The Revd. J.C.Chatterjee and six other members of the Legislative Assembly have given notice of the following resolution, which, if balloted, will probably be moved in the forthcoming session :-

"This Assembly recommends to the Governor General in Council that he be pleased to sanction a substantial grant, capital as well as recurring, for the furtherance of girls' education in the centrally administered territories, and that as a first step towards this, a well staffed and up-to-date college be established for the training of women teachers.

"This Assembly further recommends that a competent committee, including prominent women, be appointed to go into the subject and to make a report."

2. The Government of India will be glad to receive by August 16th at latest statements drawn up according to the annexed forms, showing approximately the total amount which is now being spent or is likely to be expended on female education out of the provision made in the five year programme during each of the years 1927-28 to 1931-32; the increase, if any, which this expenditure represents on the average

average annual expenditure on girls' education prior to the inauguration of the five year programme, and the proportion which the present and expected expenditure under the different heads bear to

(a) the total expenditure on education in N.W.F.P./ Ajmer-Merwara/ Baluchistan/ Delhi

and

(b) The expenditure under the corresponding head on the education of boys.

The average referred to in the preceding sentence should be calculated for the period of five years immediately preceding the inception of the five year programme.

3. As regards the suggestion to establish a College for training women teachers, the Government of India will be glad to be favoured with your views thereon. They would also like to know (a) the total number of trained women teachers employed in girls schools in the N.W.F.P./ Ajmer-Merwara / Baluchistan / and Delhi (b) the percentage of such teachers in girls' schools and (c) how this percentage compares with the corresponding figure for boys' schools.

4. The general question of appointing a committee to enquire into the possibilities of expanding primary education in the directly administered areas is already engaging the attention of the Government of India. The Government of India would like to know whether, in your opinion, the appointment of a committee, including prominent women, to go into the whole question of female education in these territories is desirable or feasible.

I have, etc.,

Sd. G.S.Bajpai,

DEPUTY OFFICE BANGALORE 2880 11/8/28 433/2880

From

J. A. Y A T E S. Esq. M.A.,
Inspector of Schools, Coorg & Bang lore,
B A N G A L O R E.

To

The Secretary to the Hon'ble the Resident in Mysore,
B A N G A L O R E.

Sir,

With reference to your No.7050/27-7-1928,

I have the honour to enclose herewith two statements required by the Government of India. In statement I figures are shown in columns 3 and 4 against Primary Schools only, since no grants were made under the 5Year's Programme towards female education against any other heads. The figures shown under "Total" refer to the total expenditure on female education under all heads.

2. Paragraph 3 of the Government of India letter.

The statistical information required is given in statement II There are two training institutions in the Station - one for European women teachers up to the Secondary Grade and another for Indian women teachers up to the same grade. The expansion of female education in the Station being for the present limited to Primary,, I do not think that a College for training women teachers is necessary solely for Bangalore.

I have the honour to be,
Sir,
Your most obedient servant

Inspector of Schools,
Coorg & Bangalore.

Bangalore.

Sir,

Expansion of female education.

S.N.4

With reference to your No. 7594/433-28, dated the 11th instant, I have the honour to enclose herewith a revised statement showing the recurring and non-recurring expenditure on female education. The average for the quinquennium under non-recurring has been shown in the total only, as it was not possible to show it under the different grades of schools.

2. Para 4 of the Government of India letter. As there has been a continual expansion of female education in the C. & M. Station, I do not think that the appointment of a committee is necessary here.

I have the honour to be,

Sir,

Your most obedient servant,

T A Yates

Inspector of Schools,

Coorg & Bangalore.

O/C

ASB

CIVIL AND MILITARY STATION, BANGALORE.

No. 7662 Ens. E
438-1928.

From

The Hon'ble Mr. L. M. Crump, C.I.E., I.C.S.,

Resident in Mysore.

To

The Political Secretary to the Government of India,

Foreign and Political Department.

Dated Bangalore 13th August, 1928.

Resolution in the Legislative Assembly for the furtherance of Girls' education.

Sir,

S.N.1. S.N.5/A&B. In reply to your letter No. F.171-R/28, dated the 19th July, 1928, I have the honour to forward two statements furnishing the information required by the Government of India in respect of the Civil and Military Station, Bangalore. In Statement 1, figures are shown in columns 3 and 4 against Primary Schools only, as no grants were made under the 5 years' programme towards female education against other heads. The average for the quinquennium under non-recurring expenditure has been shown in a lump sum as it was not possible to show it under the different grades of schools.

2. As regards the suggestion to establish a College for training women teachers, I would add that there are two training institutions in the Station, one for European women teachers up to the Secondary grade and another for Indian women teachers up to the same grade. The expansion of female education in the Station being for the present limited to the Primary grade, a College for training women teachers does not seem necessary solely for Bangalore.

3. As there has been a continual expansion of female education in the Civil & Military Station, Bangalore, it is doubtful whether there would be any advantage in the appointment of a committee to investigate this question so far as Bangalore

is concerned.

I have the honour to be,
Sir,
Your most obedient servant,

p/c A. C. Lothian,
for RESIDENT.

BJ
